

NEIGHBOURHOOD PLAN MEETING
16th March 2016

Present: Andrew Facey, Richard Pugh, Peter Bartram, Andrew Facey, Sue Cave, John Mason, David Johns, Marion Facey, Peter Seaman, Sandra Pipe

Apologies: Keith Jackson, Michael Watts, Eileen Lee, Paul Godfrey

1. Approval of previous minutes

The minutes of the previous meeting were agreed.

2. Matters Arising

Before the next public meeting will need a draft of the plan. Several stages between having that plan and being able to hold the public meeting. Next stage is to have the workshop. Hope consultants will provide information on going forwards. Keith has met with AECOM.

3. Workshop

It is hoped that everyone will be able to attend with the exception of Andrew and Sandra. Thanks expressed to Keith for pushing this on in such a short period of time.

4. Evidence Base Report

It was noted that this is very general. Peter S stated that in the Cornwall Development Plan it is mentioned that throughout Cornwall there should be 35 allocated pitches for gypsies and travellers. Keith wondered if this should be addressed within the Plan. Any other ideas for the plan should be mentioned at the workshop and/or the next public meeting.

5. Analysis of questionnaires

Keith has spent a huge amount of time completing the numerical analysis.

Peter S and Andrew took on the comments analysis. No consensus as to where areas of development should be. Large number of people looked at the area by the church. There will need to be a consensus view.

Lot of comments on public transport and the return of the bus service.

Punch Bowl another issue of concern.

Traffic calming – lot of people did not want speed humps or physical barriers.

Additional recreational amenities suggested such as tennis courts, cycle paths, exercise and sports facilities.

Sue and John not quite finished the analysis of the business questionnaires.

110 replies in total.

6. Finance

No further invoices paid.

7. Any Other Business

Agreed to ask David Read which Neighbourhood Plans have been completed.

Plot another timeline at the next meeting.

Interesting to hear what the public want in 'an ideal world'.

8. Date of next meeting

To be decided at the workshop. Provisional date of 13th April.
